**IV. ATTESTATION**

I, the undersigning Official veterinarian, hereby certify the following:

1. The final product has been retorted to a minimum core temperature of 100°C, obtaining an F<sub>0</sub> value of at least 2.8;
  2. The final product:
    - a) is in a hermetically sealed (airtight) container,
    - b) has been retorted within this container and
    - c) is shelf stable (not requiring refrigeration);
  3. The final product is exported in the hermetically sealed (airtight) container in which it was retorted. The hermetically sealed container is stamped or embossed with a permanent mark with the identification number of the manufacturing establishment and the batch code;
  4. The beef and/or beef product is derived from bovine animals that have been born, raised and slaughtered in Sweden and that passed ante-mortem and post-mortem veterinary inspection under official veterinary supervision. The beef or beef product is considered to be fit for human consumption;
  5. The animals from which the meat was derived were subjected to ante- and post mortem veterinary inspection and were found to be free from contagious or infectious diseases;
  6. a) The product does not contain any material derived from ovines and/or caprines (sheep and goats),
- or
- b) The consignment does not contain offal<sup>(2)</sup> (including protein products derived from the offal) from sheep and goats over 12 months of age originating from countries or zones not considered free from scrapie.

The certificate is valid for six (6) months from the date of issue, unless otherwise specified in the import permit.

All erasures and alterations must be endorsed with the signature and stamp of the issuing officer.
