I, the undersigned, declare that I am aware of the relevant provisions of Regulations (EC) No 178/2002, (EC) No 852/2004, (EC) No 853/2004, (EC) No 2019/627 and certify that the collagen and/or gelatin described above is fit for human consumption and was produced in accordance with those requirements, in particular that:

- 1. The products come from (an) establishment(s) implementing a programme based on the HACCP principles in accordance with Regulation (EC) No 852/2004;
- 2. The animals from which products originates were subject to ante and post-mortem health inspection and were found healthy and were classified as fit for human consumption according to Regulation (EC) No 2019/627;
- 3. The products have been produced according to regulation (EC) No 853/2004. The raw material has been subject to a treatment with acid or alkali, followed by one or more rinses. The pH was adjusted subsequently. Collagen was filtered, milled, extruded or processed with any other approved equivalent method. Gelatin was extracted by heating one or several times in succession, followed by purification by means of filtration and heat treatment;
- 4. The products were handled, produced and packed in compliance with Regulation (EC) No 852/2004 and of (EC) No 853/2004 laying down specific hygiene and sanitary rules for food of animal origin. The product is free from preservatives according to Regulation (EC) No 853/2004;
- 5. The products fulfill the criteria of section XIV, chapter IV of Annex III to Regulation (EC) No 853/2004 and of (EC) No 2073/2005 on microbiological criteria for foodstuffs. The production process is regularly supervised by physical-chemical as well as microbiologic controls in their own laboratory;
- 6. The production process guarantees that Salmonella and other infectious pathogenic microorganisms that may be present are efficiently killed/inactivated in compliance with EU regulation 2073/2005;
- 7. The raw material of the product originates from pig skin and does not contain any raw material from other animal species;
- 8. The product is not derived from specified risk material as defined by regulation (EC) No 999/2001 in the current version or mechanically recovered meat obtained from the vertebral column of bovine, ovine and caprine animals;

Part II: Certification

II.a Certificate reference number

For products derived from cattle (delete as appropriate)

- 9. For collagen and/or gelatin derived from bones of cattle from countries with reported case (s) of BSE (delete as appropriate):
 - 9.1 The collagen and/or gelatin has been manufactured in such a manner that prevents contamination by any pathogens of infectious animal diseases;
 - 9.2 The cattle from which the collagen and/or gelatin has been derived have passed ante-mortem and post-mortem inspections conducted by the government of the exporting country;
 - 9.3 Collagen and/or gelatin derived from the bones of cattle was not manufactured by using the brain, skull, eyes, spinal cord, or vertebral column of cattle of 30 months of age and older, and not either the tonsils or distal ileum of cattle of all ages;
 - 9.4 Bones of cattle have been subjected to a process which includes all of the following steps (example of manufacturing method):
 - i) Degreasing,
 - ii) acid demineralization,
 - iii) acid or alkaline treatment,
 - iv) filtration,
 - v) sterilisation at ≥ 138 °C for a minimum of 4 seconds

or to an equivalent or better process in terms of infectious reduction (such as high pressure heating);

- 10. For collagen and/or gelatin derived from hides and skin of cattle from countries with reported case (s) of BSE (<u>delete as appropriate</u>):
 - 10.1 Collagen and/or gelatin has been manufactured in such a manner that prevents contamination of pathogens of infectious animal diseases in compliance with EU regulation 2073/2005;
 - 10.2 The cattle from which the collagen and/or gelatin has been derived have passed ante-mortem and post-mortem inspections conducted by the government of the exporting country;

For products not derived from cattle (delete as appropriate):

- 11. Other collagen and/or gelatin derived from animals not belonging to the items above:
 - 11.1 Collagen and/or gelatin has been manufactured in such a manner that prevents contamination by any pathogens of infectious animal diseases in compliance with EU regulation 2073/2005.
