# SWEDEN Poultry meat and products for export to South Korea (KR)

I.28. Identification of the commodities				
Species (scientific name)	Nature of commodities	Establishments (name, address, approval number)	Number of packages	Net weight
		Slaughterhouse(s)		
		Cutting and/or processing plant(s)		
		Cold store(s)		
Period of slaughter (YYMMDD~ [ YMMDD)		Period of processing (YYMMDD ~ YYMMDD)		

II. Health information		II.a. Certificate reference number
Part II: Certification	I, the undersigned official veterinarian inspector, hereby certify that:	
	<ol style="list-style-type: none"> <li>The poultry used to produce the exported poultry meat were hatched and raised in Sweden;</li> <li>There has not been any incidence of Highly Pathogenic Avian Influenza (HPAI) in Sweden during the past one (1) year immediately prior to the exporting of the poultry meat. However, in case the Korean Minister of Agriculture, Forestry and Rural Affairs recognizes that an effective stamping-out policy for highly pathogenic avian influenza is in place in the exporting country, the period may be shortened in accordance with the OIE regulations;</li> <li>There has not been any incidence of either low pathogenic avian influenza or Newcastle disease (Viscerotropic Velogenic Newcastle disease VVND) during the past 3 months prior to slaughtering of the poultry in the region within a 10 km radius of the farm where the poultry used for producing poultry meat was raised;</li> <li>There has been no outbreak of poultry cholera, pullorum disease, fowl typhoid, infectious bursal diseases, Marek disease, duck virus hepatitis (applying to duck meat only), duck virus enteritis (applying to duck meat only) at the farm where the poultry used for the purpose of producing poultry meat was raised in the past one (1) year immediately prior to slaughter. In addition during the above period isolation of Salmonella enteritidis has never been reported at the poultry farm of origin;</li> <li>The export establishment is not located within an area where the contagious livestock diseases mentioned above are present. During the time of production of the exported poultry meat, the establishment does not handle any poultry and/or poultry meat imported from a country where the Republic of Korea does not allow importing of poultry or poultry meat;</li> <li>The establishment(s) for export are approved or registered and controlled by the competent authorities of Sweden in accordance with Regulation (EC) No 852/2004 and 853/2004, and are registered with the Korean government;</li> <li>The products come from establishment(s) implementing a programme based on the HACCP principles in accordance with Regulation (EC) No 852/2004; and has maintained the relevant records for more than two years;</li> <li>The poultry meat and such was produced from healthy poultry determined based on the results of ante-mortem and post-mortem examinations performed by the government veterinarian of the exporting country at the establishment for export in compliance with EU regulation;</li> </ol>	

**SWEDEN Poultry meat and products for export to South Korea (KR)**

<b>II. Health information</b>	II.a. Certificate reference number	
<p>9. The poultry meat, etc. meet the relevant regulations of the Korean government in regard to residues posing hazard to public health (antibiotics, pesticides, hormones, heavy metals, etc.), microorganisms, irradiation, ionization, and food additives (preservative, tenderizer, etc.), etc.. The meat was treated in a safe manner so as to prevent contamination with any pathogenic organisms;</p> <p>10. The packaging materials used in packing poultry meat is sanitary and not injurious to humans. The approval number of the export establishment and the qualification mark are marked on the product or on the package in compliance with EU regulation. The qualification mark verifies that the meat has been treated in a manner not harmful to public health. The mark must be notified to the Korean government in advance.</p>
